# Our Portfolio

More than 5,000\* hospitals in the U.S. rely on Clorox Healthcare disinfectants to safeguard patient environments. Our mission? Partner with healthcare professionals to eliminate the environment as a source of infection.

## Manual Cleaning and Disinfection

### Healthcare Cleaner-Disinfectants

Ready to use cleaner-disinfectant wipes and liquids designed to kill pathogens on contaminated surfaces and equipment in patient care areas.

### Professional Cleaners and Disinfectants

Professional cleaners and disinfectants created to keep non-patient care areas, including waiting areas, staff offices, breakrooms and public restrooms clean, comfortable and odor-free.

## Training and Accessories

Effective disinfectants are only part of a robust infection prevention program. Clorox Healthcare offers key training tools and accessories to help with the product conversion process and to enable compliant product usage.

Our training program includes:

### In-servicing and training sessions

### Training posters, videos and directions for use cards

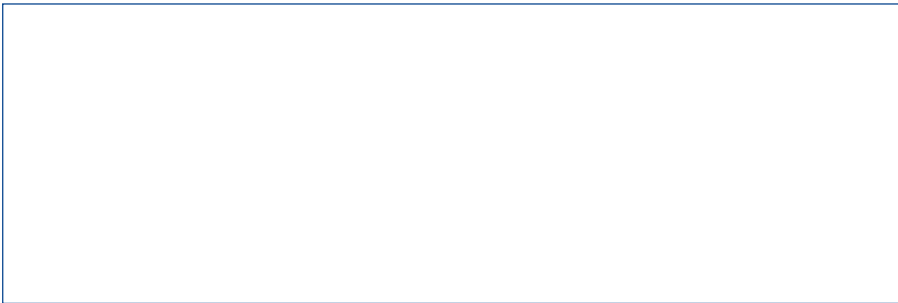

### Reference guides for frontline staff

### Stickers for wipes canisters and buckets
